

Kiesza, Stronger (Finding Neverland)

Feels like there's nothing left
I'm on my own on the road to hell
I'm walk alone, they're leaving me
Don't believe in me
Nothing can take away my mind
Where are .. never find

I feel stronger
Bigger
I feel taller
So much taller
Feel enlighten
Keep in fighting
Anymore
I can ..
So much faster
And the people be my Master
And for contact to demons
They will have to wait much longer
I'm stronger
Stronger!

From the darkness places
And the fades light
All They gave me hope
To face my fight
Paint to living me
I don't need this sympathy
Nothing can take away my blind
...
Where are .. never find

I feel stronger
Bigger
I feel taller
So much taller
Feel enlighten
Keep in fighting
Anymore
I can ..
So much faster
And the people be my Master
And for contact to demons
They will have to wait much longer
I'm stronger
Stronger!

You'll see in time
I'll survive
Too soon to run
Too late to hide
It's my destiny
Every pace every strike

I need to be stronger!
I must te feel stronger!
