

# Kilgore, X

It's enough,  
it's enough to make you want to bust  
My response is  
My middle finger  
Raised up to the world  
I can't take anymore

Settle down, take it easy  
Stand witness to your disease  
The raping of society  
Just like it's fucked me  
I believe do unto others  
As they've done to you  
And if the rest of the world would too  
I wouldn't even have to choose  
If I should accept you

I am the unknown  
Omitted from democracy  
I am the unknown  
Fuck all this  
My response is  
My middle finger  
Raised up to the world  
I can't take anymore

The more I want, the less they  
The less they feel immune  
To feeling for the lives they've ruined  
I'm just a number  
Fruits of the country are right in front of me  
To be part of it you pay a fee  
And still they just ignore me  
Unless I don't pay up

I am the unknown  
Omitted from democracy  
I am the unknown  
Fuck all this now

Witness a side of me  
Witness society  
That seems to make you suffer  
Witness a side of me  
Witness society  
That seems to make you suffer  
yes sir

I always wanted to belong  
To fit in I won't talk too loud  
Or feel too proud cuz  
I always wanted to belong....  
Can't you see I always aim to please!  
Somehow end up down upon my knees?  
Can't we be the same?  
Can't we be the same?  
It's enough,  
it's enough to make you want to bust

My response is  
My middle finger  
Raised up to the world  
I can't take anymore

I am the unknown  
Omitted from democracy  
I am the unknown  
Fuck all this now

Witness a side of me  
Witness society  
That seems to make you suffer
