

Kill Hannah, Paper Dolls

Jealousy, is standing on the edge
Seems like, a million years ago
So she just wants to touch the heavens
So shes coming down
Four, three, two, one, zero

Paper dolls
Will find you when your lost and so alone
Paper dolls
Your tortured, but it makes you beautiful
Paper dolls
Is quiet now, but wait till we explode

Jealousy, is driving towards the edge
Faster than we've ever been before
Tonight she said, we'll dance among the angels
So start the countdown
Four, three, two, one, zero

Paper dolls
Will find you when your lost and so alone
Paper dolls
Your tortured, but it makes you beautiful
Paper dolls
Is quiet now, but wait till we explode

For all the paper dolls
For all the paper dolls

For all the paper dolls
For all the paper dolls

For all the paper dolls
Oh, ohhh
