

KillRadio, Bodies

[Originally by Smashing Pumpkins]

Cast the pearls aside, of a simple life of need
Come into my life forever
The crumbled cities stand as known
Of the sights you have been shown
Of the hurt you call your own
Love is suicide

The empty bodies stand at rest
Casualties of their own flesh
Afflicted by their dispossession
But no bodies ever knew
Nobodys
No bodies felt like you
Nobodys
Love is suicide

Now we drive the night, to the ironies of peace
You can't help deny forever
The tragedies reside in you
The secret sights hide in you
The lonely nights divide you in two
All my blisters now revealed
In the darkness of my dreams
In the spaces in between us
But no bodies ever knew
Nobodys
No bodies felt like you
Nobodys
Love is suicide
