

Kim Dracula, Drown

And you smiled for the last time in my life
I hope you fucking drown (toxic)
I hope you fucking drown

I'm not fucking around
Baby we've been helpless lately
I can't get rid of you now
I hope you fucking drown
I can't get rid of you now

Everybody, everybody, I want everybody
Everybody, everybody, I want everybody
Don't want money, or fame, or power
I want a lifestyle
Everybody, everybody, I want everybody
Everybody, everybody, I want everybody
Everybody, everybody, everybody, everybody
I want everybody to be like me (everybody, everybody, everybody, everybody)

And I'll erase you
But I'd die to save you (to save you)
And I'll erase you
(Tick tock, tick tock, tick tock, tick)

I hope you fucking drown
Baby we've been helpless lately
I can't get rid of you now
I'm not fucking around
I hope you fucking drown

I can't get rid of you now
I'm not fucking around
Baby we've been helpless lately
I hope you fucking-
I hope you fucking-
I hope you fucking drown
