

Kim Petras, Problématique

Hey, do you listen to Kim Petras?
Um, isn't she, like, problematic?
No, she's problématique

Queen of my castle, and I never coming down
Love it or hate it, you can't keep it out your mouth
My love, infectious, they all wanna mess around
Mhm mhm yeah
Mhm mhm

Sweeter than candy, I know that you wanna try
Cocky can't stop me, I got everything you like
My love, infectious, and you wanna take a bite
Mhm mhm yeah
Mhm mhm

I'm a little bit dramatic, little real, a little plastic
I just keep on wreaking havoc, ah

Get up up on your feet
She's so problématique
Get up up on your feet
She's so problématique, problématique

Get up up on your feet (I know you like it, like it)
She's so problématique (I know you like it, like it)
Get up up on your feet (I know you want it, want it)
She's so problématique, problématique

It's alright, what you like, get up up and get down
Every night, live it right, get up up and get down
It's alright, what you like, get up up and get down
Every night, live it right, get up up and get down

I'm a little bit dramatic, little real, a little plastic
I just keep on wreaking havoc, ah

Get up up on your feet
She's so problématique
Get up up on your feet
She's so problématique, problématique

Get up up on your feet (I know you like it, like it)
She's so problématique (I know you like it, like it)
Get up up on your feet (I know you want it, want it)
She's so problématique, problématique
