

Kim Sanders, Tell Me That You Want Me

Tell me that you want me
Tell me that you want me
Looking for a love affair
The one that doesn't seem to appear
Everyday
All I ever hope to find
Is someone with an open mind
Anyway
But you're the one I want
No mistaking in my heart
You're the only one
And I felt this from the start
When I'd see you
Tell me that you want me
Everyday
Tell me that you want me
I gotta be sure
Tell me that you want me
Anyway
Cause without you
I cant' live anymore
Tell me that you want me
Tell me that you want me
If you at all feel the same
Please don't play a waiting game
Come to me
Nothing else is on my mind
You are oh so hard to find
You're the one I want
No mistaking in my heart
You're the only one
And I felt this from the start
When I see you
