

# KIM WIGAARD, LA MELODIA

Something different, I can feel it  
Something in the air tonight  
They keep hoping we're mistaking  
But it seems like we were right

This is my anthem for the lonely ones  
The beat up, broken, and the silent ones  
Let us sing together, all as one  
Canta la melodía

La-la-la  
La-la-la, la-la  
La-la  
Tu che mi canti la melodía  
La-la-la  
La-la-la, la-la  
La-la

Love is different, we are changing  
I can hear a glowing voice  
Sliding through us, and we listen  
Now we know it's time to show

This is my anthem for the lonely ones  
The beat up, broken, and the silent ones  
Let us sing together, all as one  
Oh-oooh

La-la-la  
La-la-la, la-la  
La-la  
Tu che mi canti la melodía  
La-la-la  
La-la-la, la-la  
La-la

Don't matter if you're ready or not  
Keep your head high and show what you've got  
Don't matter if you're hiding your light  
Don't let them kill your reasons to fly

La-la-la  
La-la-la, la-la  
La-la  
Tu che mi canti la melodía  
La-la-la  
La-la-la, la-la  
La-la  
La-la-la (La-la-la)  
La-la-la, la-la  
La-la  
Tu che mi canti la melodía  
La-la-la (La-la-la)  
La-la-la, la-la  
La-la
