## Kim Wilde, C

Theres an endless sky and Its just you and i Youre close to me We tried to say goodbye but But we cant be that strong and let it be Now I know lifes changed And we cant expect to have things like they were before But you want me, I want you And theres nothing left for us to do Before the night is through now Cmon cmon cmon Cmon cmon cmon And love me, love me Cmon cmon cmon Cmon cmon cmon And love me, love me We dont close our eyes were Looking deep inside and move so slow Ooh this is making love it Feels so good Oh baby dont let go When the morning comes Well pray the dawn could never break another day Then well kiss, say goodbye And tomorrow III be on my way But before were through now Cmon cmon cmon Cmon cmon cmon And love me, love me Cmon cmon cmon Cmon cmon cmon And love me, love me
