

# King Diamond, Coming Home

&quot;Grandma'?'&quot;

&quot;I knew it was You at the door, I saw  
You from the window. Now come  
inside My dear. It's good to see You  
again, despite what You did to MY  
throat. &quot;THEY&quot; are waiting upstairs.  
Come. Missy is there too. She's sitting  
on Grandpa's lap. I bet You're dying for  
a cup of tea.&quot;
