

# King Diamond, Dreams

[Music & Lyrics by King Diamond]

The witching hour has arrived here too soon  
I know that all my dreams are inside this room  
Oh yeah, it's all in this tune

Dreams in the night, they're falling like rain  
Dreams in the night, they drive me insane

They cannot wait until I turn off the light  
When I'm asleep they've got the key to my mind  
Oh yeah, can't leave them behind

Dreams in the night, there're falling like rain  
Dreams in the night, they drive me insane  
Dreams in the night.

Yeah, yeah, yeah, give me another dream now

The Spider's Lullaby is all they can sing  
As they inject thier poison into my brain  
Oh yeah, they're calling my name

Dreams in the night, they're falling like rain  
Dreams in the night, they drive me insane

Give me another dream now  
Yeah, yeah, yeah, give me another dream now

Rainbows and waterfalls  
Little girls are swimming in a pond of gold  
I'm growing old  
I'm growing old  
Sweet blue eyes of innocence  
Begging me...  
To follow them to the other side  
Ah, they're growing horns

Dreams in the night, they're falling like rain  
Dreams in the night, they drive me insane  
Dreams in the night

Let me out of these dreams... dreams... dreams...  
Let me out of these dreams... dreams... dreams...  
Let me out of these dreams... dreams... dreams...
