

# King Diamond, Shapes Of Black

[Diamond / Diamond]

Im dressed in black, with my stick and hat  
So this is the end, where it all will begin

Shapes Of Black on the floor  
Shapes Of Black behind every door

They keep sucking on the light until  
There is no more light to find in here  
Hello reality, goodbye to my sanity

Shapes Of Black on my bed  
Shapes Of Black all around my head

Shhhhhh THEY are here  
Can you hear THEM breathe? Listen

Theres a spider on the wall  
Watching shadows as THEY crawl  
Is the Darkness the only way, for the other side to enter our life?  
Ah-Ah-Ah I see THEM Ah-Ah-Ah I feel THEM  
Ah-Ah-Ah I see THEM Ah-Ah-Ah I feel THEM  
Closer and closer Human shapes made from the Dark  
I see a black moth, fighting for its life  
In the flame of the last candle that I have

[Solo : Mike]

Shhhhhh One of THEM is really close Can you feel it?  
Can you hear it?

Shapes Of Black on my bed  
Shapes Of Black all around my head

[Solo : Andy]

Shapes Of Black, THEY try to kill my flame  
Shapes Of Black, Ah THEYre driving me insane

So little time So little light So little time Light  
Phhhh No more light
