King Diamond, To Whom It May Concern.

I am scared to death. 9 years ago they finally let me out, and i Was just beginning to feel better. I am not myself any longer. I guess you could not even recognize my face if you saw me now. That phone call 2 hours ago has torn me apart. it was grandma. She invited me back to the old house. I do not want to go back, But I must. maybe you will understand my fear if I tell You what happened during my childhood.

18 years ago I was living with my mother and My sister missy in grandma's old house. I had Been told that grandma was away on a long vacation, And that she would soon return. she did.

I have later found out that she was actually being released From that same asylum. & p;amp;quot;she's insane", they said, when she Kept on babbling about & p;amp;quot;them". I still cannot make up My mind about who really did separate grandpa's head From his shoulders. you see, & p;amp;quot;they" were always so Nice to me.

Anyway, time is short and I must leave for the old House. so here is what happened 18 years ago. and In case we never see each other again, at least you Will know why.

I bet we are going to have tea.
