

# Kingdom Come, Bon Scott

Stood up spoke his mind  
Never pointed finger  
Cried out many times  
A god's given bringer

Are you digging this  
Going back in time  
Music old or new  
You always come to mind

Bon Scott that it is  
Your words never missed  
In after life I believe  
You ain't no history  
Hope you're feeling free

Perfect play on words  
Something I could lean on  
This song's in return  
For helping me ride on

Bon Scott that it is  
Your words never missed  
In after life I believe  
You ain't no history  
Hope you like what you see  
And feeling free - Yeah  
You know the piace you got the key

Bon Scott that it is  
Your words never missed  
In after life I believe  
You ain't no history  
Hope you like what you see  
And feeling free - Yeah  
Bon Scott that it is  
The boys keep rocking ot  
Singing your songs out loud
