

Kingdom Waves, Mirage World

Like a chameleon always have to lie
Changing my light into shadows
Within walking distance, I see what's bright

Deliverance forever

Another day to entertain I create my mirage world

Coloured with madness
Left to my fate
Forsaken
Left to my fate

Demons are calling me constantly
Going insane in silence
Couldn't care less about my destiny
Am I getting stranded?

Another day to entertain I create my mirage world

Coloured with madness
Left to my fate
Forsaken
Left to my fate

Coloured with madness
Left to my fate
Forsaken
Left to my fate!

Coloured with madness.
