

# Kings Of Leon, Going Nowhere

Sweet ocean liner  
Come and anchor down  
Sea of forgiveness  
See what I have found  
It's long and lanky  
Awkward at Times

I'm going nowhere...if you've got the time  
And it's a long hard road 'Til I can get to you  
And I'll be holding on  
Hoping the sun comes shinin' through  
I'm going nowhere... if you've got the time  
I'm going nowhere... with you on my mind

I took to driving  
To see what I would find  
A place in history  
A little peace of mind  
I know what you're thinking  
I know just what you mean  
I'll never be whole again  
Until I get clean

And it's a long hard road 'Til I can get to you  
And I'll be holding on  
Hoping the sun comes shinin' through  
I'm going nowhere... if you've got the time  
I'm going nowhere... with you on my mind  
I'm going nowhere... Won't you stop by  
I'm going nowhere... if you've got the time  
I'm going nowhere if you've got the time  
I'm going nowhere with you on my mind  
I'm going nowhere won't you stop by  
I'm going nowhere if you got the time
