Kings Of Leon, Supersoaker

Motivation is going to pursue,
A good vibration all over you
I got to be there, you? Il be there?
You got a story you got to tell,
Now bring the guns up and ring the bells
I got a secret, a secret
I got my mind on my plate,
A secret spy that?s on every case
I don't believe it, believe it

Cause? I?m a super soaker baby run far away, 'cause your kisses arent clean wouldnt you say I find to super soak girls all the time, walk away, walk on away

Like a lion across the plains,
I got a secret in my brain
I want to see you, see you
It?s a sign is on my plate
You know my home,
I don?t know my place
I just want to be there, be there

Cause? I?m a super soaker baby run far away, 'cause your kisses aren't clean wouldnt you say I find to super soak girls all the time, walk away, walk on away

I find to super soak girls all the time, walk on away, walk on away I find to super soak girls all the time, I just get on the line, all night

I find to super soak girls all the time, walk away, walk on away I find to super soak girls all the time, walk away, walk on awa
