## Kingston Trio, Blue eyed gal

| Gonna find a b | oran' new gal | . Don't want | one who's la | zy 'cause the | one I got right | now, 'bout to d | drive |
|----------------|---------------|--------------|--------------|---------------|-----------------|-----------------|-------|
|                |               |              |              |               |                 |                 |       |
|                |               |              |              |               |                 |                 |       |
|                |               |              |              |               |                 |                 |       |
|                |               |              |              |               |                 |                 |       |
|                |               |              |              |               |                 |                 |       |
|                |               |              |              |               |                 |                 |       |
|                |               |              |              |               |                 |                 |       |
|                |               |              |              |               |                 |                 |       |
|                |               |              |              |               |                 |                 |       |
|                |               |              |              |               |                 |                 |       |
|                |               |              |              |               |                 |                 |       |
|                |               |              |              |               |                 |                 |       |
|                |               |              |              |               |                 |                 |       |
|                |               |              |              |               |                 |                 |       |
|                |               |              |              |               |                 |                 |       |
|                |               |              |              |               |                 |                 |       |
|                |               |              |              |               |                 |                 |       |
|                |               |              |              |               |                 |                 |       |
|                |               |              |              |               |                 |                 |       |
|                |               |              |              |               |                 |                 |       |
|                |               |              |              |               |                 |                 |       |
|                |               |              |              |               |                 |                 |       |
|                |               |              |              |               |                 |                 |       |
|                |               |              |              |               |                 |                 |       |
|                |               |              |              |               |                 |                 |       |
