

Kiss, God Gave Rock And Roll To You

PSYCHO CIRCUS

YEAHHHHHHHHHHHHHHH!!!!!!!

Hello

Here I am!

Here we are, we are one

I've been waiting for this night to come

Get up!

Now it's time for me to take my place

The make-up runnin' down my face

We're exiled from the human race.

You're in the psy

You're in the psycho circus

You're in the psy

You're in the psycho circus

I say welcome to the show.

I've been waiting here to be your guide

So come

Reveal the secrets that you keep inside

Step up!

No one leaves 'til the night is done

The amplifier starts to hum

The carnival has just begun.

You're in the psy

You're in the psycho circus

You're in the psy

You're in the psycho circus

Yeah I say welcome to the show

Welcome to the show

Welcome to the show

The show.

I've been waiting here to be your guide

Some come

Reveal the secrets that you keep inside

Step up!

No one leaves 'til the night is done

The amplifier starts to hum

The carnival has just begun.

You're in the psy

You're in the psycho circus

You're in the psy

You're in the psycho circus

You're in the psy

You're in the psycho circus

You're in the psy

You're in the psycho circus

And I say welcome to the show

Welcome to the show

Welcome to the show

And I say welcome to the show.
