

# Kiss, I Pledge Allegiance To The State Of Rockn

So many people tried to help me on my way  
So little time and there's so much left to say  
There's no explainin' all the things I've been through  
But I finally found my way to you  
I finally found my way to you  
Now the day is ending and the night begins to fall Sometimes I wondered if I'd make it back at all  
I gave up everything I had and ever knew  
But I finally found my way  
I finally found my way  
I finally found my way to you  
Remember how we used to hide away  
We'd share the secrets of our souls  
Turned down the lights and dance the night away  
We'd dance the night away  
We'd dance the night away  
Remember how we used to hide away  
We'd dance the night away  
We'd dance the night away  
And now I'll hold you like I never have before  
I'll let you go just long enough to lock that door  
The words I whisper come so late and over due  
But I finally found my way  
I finally found my way  
I finally found my way to you
