

Kiss, Reason To Live

Out of love, there's nobody around,
all I hear is the sound of a broken heart
Out of time, no more waitin' for you
Now the hurtin's through, and a new day starts
And I feel a change in my life,
I sailed into dark and endless nights
And made it alive

Chorus:

Everybody's got a reason to live, baby
Everybody's got a dream and a hunger inside
Everybody's got a reason to live, but it can't be your love
Out of touch, with myself for so long,
now a feelin' so strong comin' over me
Down the line, there's a lesson I've learned
You can love and get burned, if it has to be
And I see a change in my life,
and I'm not alone when I'm strong inside
And I realize

chorus

And I feel a change in my life
And I'm not alone when I'm strong inside and I realize
chorus repeats 2x
No it can't be your love, no it can't be your love
No it can't be your love
