

Kitty Wells, Begging To You

I left you this morning couldn't take it anymore

You laughed and you dared me to walk out the door

You said that I'll come back you knew what I'd do

And you know you were right cause I'm back here tonight begging to you

I won't disappoint you I'm begging to stay that's what you wanted to hear anyway

It must make you happy to make me so blue

What a pityful sight I must be tonight begging to you

You don't want my loving but you let me stay around

I guess just to walk on so you won't touch the ground

To you it don't matter what you cause me do as long as you keep me begging to you
