

Kitty Wells, I Want To Go With You

I wanna go with you to that other world we knew

The one your love takes me to I wanna go with you

I wish I were glass so you could see through

Then you'd know before you ask that I wanna go with you

I wanna go with you...

[piano]

You take me away to a world I never knew

But what else can say I wanna go with you

I wanna go with you...
