

Kitty Wells, Kill Him With Kindness

Kill him with kindness spoil him with love

Girls if your love life is failing if your man don't do like you should

I've got an old fashioned answer believe me it works pretty good

When he gets mean and sarcastic and salty as an old country ham

Follow my rules that I give you and a lion will turn into a lamb

Kill him with kindness spoil him with love handle him gently with a soft velvet glove

Give him the kisses that he's thinking of kill him with kindness spoil him with love

[piano]

Girls treat your man like a baby a trifle some cuddle some toys

Beneath all that's wagger and bluster he's nothing but a little old boy

And when you want some little do dat some trifle like a new diamond ring

Practice what I am preaching you'll see that it don't hurt a thing

Kill him with kindness spoil him with love kill him with kindness spoil him with love
