My dear precious mother means so much to me she has always been so true and kind

My best friend on earth she has proved unto be thank God for a mother like mine

Thank God for a mother like mine for her love that's so pure and divine

She taught me to love the Saviour above thank God for a mother like mine

Through all of the sorrows and trials we knew she trusted the Saviour above

And thought of her children as older we grew to believe in his wonderful love

Thank God for a mother...
