

Kitty Wells, We Need One More Chance

We drifted far apart from each other but your love it didn't die within my heart

You're asking me once more to forgive you

I'll give you one more chance and pray that we will never part

We need one more chance to be together to talk and get all troubles straighten out

Yes come on back to me we'll take up where we left of

We need one more chance one more chance to save our love

[steel]

I'll try oh yes I'll try to make things up to you

There'll be no more tears fall from your eyes

Just having you around and knowing that you're mine

Is good enough for me you don't have to apologize

We need one more chance...
