

# Klaudia Walencik, Wait for me

Wait For Me  
We got a time  
A lot of time  
There's no point to hurrying up  
You know I'm not ready, Now

I want, but I can't  
And you want change because  
I want change myself  
No, I can do this for you

Always Is not easy as you think  
Anything can be difficult for me  
Is not easy as you think  
Anything can be difficult for me

Let me be myself  
I just can't go the other way  
[?]  
I can change myself for you  
/2x

I'm angry at myself  
Because I don't feel anything about you right now  
Instead of the fact I want you  
I see that you don't want  
I see that you don't start trying  
Do you [?] someone else  
You just think there is no sense

Always Is not easy as you think  
Anything can be difficult for me  
Is not easy as you think  
Anything can be difficult for me

Let me be myself  
I just can't go the other way  
[?]  
I can change myself for you
