

# Kobra And The Lotus, Losing My Humanity

powerless

you've crippled all I've got inside  
who are you to bring this sickness to my mind?  
I'm losing all of my humanity  
such ignorance is bliss

silencing pain that no one wants to see  
take a good look around  
we're toxic  
and just how do we explain ourselves?  
We're corrupted!

we kill (we kill)  
we steal (we steal)  
We hide from what is real

A world of humans with no humanity!

taste your words before you spit them out  
abusing others is only hurting yourself  
you're losing all of your humanity  
don't turn your face away

silencing pain that no one wants to see  
take a good look around  
we're toxic  
and just how do we explain ourselves?  
We're corrupted!

we kill (we kill)  
we steal (we steal)  
We hide from what is real

A world of humans with no humanity!

Does it make me a sinner  
if I stood there in silence?  
Does it make me a sinner  
Forsaking all that I saw?  
Does it make me a sinner  
if I still let it happen?  
If I knew it was wrong  
does it make me  
Does it make me THE SAME?

take a good look around  
we're toxic  
and just how do we explain ourselves?  
We're corrupted!

we kill (we kill)  
we steal (we steal)  
We hide from what is real

A world of humans with no humanity!

say goodbye to your humanity!!
