

# Kodak Black, Needing Something

when the freedom bell ring when they set a nigga free  
I'm flying like an eagle when they let me off the leash  
gotta prove everybody wrong lookin' down on me  
when I'm flying like an eagle

the streets where I call home  
this is where I want to be  
do I gotta go to jail so I can find a lil peace  
could you be the one call on  
will you answer when you sleep?  
could you be the one call on

I ain't never gonna rap about my soul  
my heart  
(  
I got this money  
but it's nothing right now  
cause I am needin' somethin'  
I am needin' somethin'  
I've been searching for my soul, my heart  
(  
I got this money  
but it's nothing right now
