

# Kodaline, Brand New Day

Well it's your hometown  
I think I've outgrown  
I wanna travel the world but I, I just can't do it alone  
So I'm just waiting on fate to come?  
Wrap around me  
Think about all the foreign places we could be

I've been picking stones and now we know  
I'll be waiting outside til you're ready to go  
Won't you come down?  
Come away with me  
Think of all the places we could be  
I'll be waiting, waiting on a brand new day

Riding on winds  
Walking on sand  
Digging in case to find the treasures of the land  
And if we find gold  
Well, we'll just throw it away  
We can write stories bout the journeys that we made  
We could be beating today

I've been picking stones and now we know  
I'll be waiting outside til you're ready to go  
Won't you come down?  
Come away with me  
Think of all the places we could be  
I'll be waiting, waiting on a brand new day  
Waiting on a brand new day

They said they'll keep me here  
But I couldn't go another day  
I said I'll see you soon  
Because I whistle to a different tune

Think of all the places we could be  
Think of all the people we could meet

I've been picking stones and now we know  
I'll be waiting outside til you're ready to go  
Won't you come down?  
Come away with me  
Think of all the places we could be  
I'll be waiting, waiting on a brand new day
