

Kodamine, High Hopes

Broken bottles in the hotel lobby
Seems to me like I just scared then I never feel you again
I know it's crazy to believe in silly things
It's not that easy

I remember it now
When take me back to when we first —
But I've only can blame myself for it —
And I excepted it know
It's time to let it go
Go out and start again
It's not that easy
But I got high hopes
It take me back where we started
high hopes
When you go out
And start again
House, when all goes to the end
The keeps spinning around
