

# Korn, Blame

So I think you are a fool  
Hanging on my every word  
I'm getting ugly, So I'm ugly..

Tear me from your heart  
Tearing me apart.

So I thought you'd disappear  
Being alone is what you fear  
Are you lonely?  
Yes, lonely.

Tear me from your hearttttttlllllfee  
Tearing me apart.

Rolling, and throwing, consoling  
Everything that goes this far  
Joking and hoping, revolting  
All that shit that's who you are  
Holding, and scolding, revolving  
Peel it back, reveal the scar.  
Loathing, exploding, controlling  
This is what you really are.

The time is coming  
Gone Insane  
Your really happy  
You've won the game

The time is coming  
A bed of flames  
Your life is over  
And youre to blame

The time is coming  
You've gone insane  
Your really happy  
You've won the game

The time is coming  
A bed of flames  
Your life is over  
And youre to blame

Blame [x4]

Rolling, and throwing, consoling  
Everything that goes this far  
Joking and hoping, revolting  
All that shit that's who you are  
Holding, and scolding, revolving  
Peel it back, reveal the scar.  
Loathing, exploding, controlling  
This is what you really are. [x2]
