

Korn, Finally Free

It's hard to see what you will find
When your heart's dipped in agony
I tried too hard, I was too kind
I saw your face in everything

(I am hating it it)
It's coming for me
(I am hating it it)
It's laughing at me
(I am hating it it)
It's time to realize what's really going down
(I am hating it it)
It's staring at me
(I am hating it it)
It's pulling on me
(I am hating it it)
I can't believe it
Take me down
Take it down now

Where are you now?
I tried to get through to you
Nothing is saving you
How could I fail?
This life betrayed you
And you are finally free

What you see is what you get
I had no time to process it
I think if just turn around
That this nightmare will come unbound

(I am hating it it)
It's coming for me
(I am hating it it)
It's laughing at me
(I am hating it it)
It's time to realize what's really going down
(I am hating it it)
It's staring at me
(I am hating it it)
It's pulling on me
(I am hating it it)
I can't believe it
Take me down
Take it down now

Where are you now?
I tried to get through to you
Nothing is saving you
How could I fail?
This life betrayed you
And you are finally free

You're crying out for me
(Don't let it take you down)
You're crying out for me
(Don't let it take you down)
It's so hard to see
(Don't let it take you down)
It's so hard to see

It's so hard to see
It's so hard to see

You're crying out for me
You're crying out for me
