

Korn, Hater

You can't bring me down
Already had my life turned upside down
I write it down then spiral round and round
But I keep flying
I keep fighting
You won't ever bring me down

I'm good, I'm fine
This life's divine
No hate, no shame
No one to blame
You might despise
Your life with lies
I won't chastise
Even if you think you can

Bring me down
Already had my life turned upside down
I write it down then spiral round and round
But I keep flying
I keep fighting
you won't ever bring me

Down /5x
You won't ever bring me
/2x

I can't escape from the disdain
Your heart, your pain
Your trauma is lame
Why can't you find
Some peace inside?
I won't chastise
Even when you think you can

Bring me down
Already had my life turned upside down
I write it down then spiral round and round
But I keep flying
I keep fighting
you won't ever bring me

Down /5x
You won't ever bring me
/2x

Hater /6x

I'm good, I'm fine
This life's divine
No hate, no shame
No one to blame
Why can't you find
some peace inside?

Hater /5x

You can't bring me down
Already had my life turned upside down
I write it down then spiral round and round
But I keep flying
I keep fighting
you won't ever bring me down

Hater /4x
You won't ever bring me down
/2x

Hater /4x
Cuz I keep flying
I keep fighting
You won't ever bring me

Down /5x
You won't ever bring me
/3x

Down /5x
You won't ever bring me down
