

# Krewella, Drive Away

i'll admit i've been faded  
i'm counting up the ways i could escape it  
feeling like i should face it  
cuz i've been looking in the darkest places

sometime tell me - just be honest  
am i worth it - cuz all i got is chaos underneath the surface  
oh no is there something better let me know let me know

tonight i'm gonna get in my car and just drive away drive away  
you'll find me in the sky with the stars come fly with me fly with me  
and if i ever go missing then the world would keep spinning cuz i'm just another tainted soul  
tonight i'm gonna get in my car and just drive away drive away

know we all go through phases  
this shit is bittersweet i can taste it  
nothing happens from waiting  
and i'm dying to feel anything but jaded

someone tell me - just be honest  
am i worth it - cuz all i got is chaos underneath the surface  
oh no is there something better let me know let me know

tonight i'm gonna get in my car and just drive away drive away  
you'll find me in the sky with the stars come fly with me fly with me  
and if i ever go missing then the world would keep spinning cuz i'm just another tainted soul  
tonight i'm gonna get in my car and just drive away - drive away
