

Kris Allen, Prove It to You

Maybe I got used to your face,
Maybe we ran out of things to say
I heard a voice in the back of my head
Telling me don't you wanna come and taste it
Into the night, into the wild
Came like a hunger and I had to chase it

I know I had to let you go
But I had to find out on my own
That you were always the one
I don't think I deserve you,
But I feel like I'm gonna love you
For all my life! No matter what I do!
Give me a chance, give me a chance
To Prove It to You

You are the face in all my dreams
(Give me a chance, give me a chance)
All of the memories haunting me
I hear your voice in the back of my head
Sounding a lot like coming back
So I ran into your eyes, into the fight
What will you do if I do that?!

I know I had to let you go
But I had to find out on my own
That you were always the one
I don't think I deserve you,
But I feel like I'm gonna love you
For all my life! No matter what I do!
Give me a chance, give me a chance
To Prove It to You

Feel like I'm out here lost
Counting away the cost
So, will you give me a chance, give me a chance
I know I had to let you go
But I had to find out on my own
You were always the one
I don't think I deserve you,
But I feel like I'm gonna love you
For all my life! No matter what I do!
Give me a chance, give me a chance
Won't you give me a chance, give me a chance
To Prove It to You
