A sober hangover  
A beautiful lover  
A sober hangover  
Just come and set me free

It must be destiny  
You came and little get stone on me  
I was so \_\_\_  
You show me the meaning of ecstasy  
Oh, baby  
Coz I was alone  
And you came along

I don't wanna life this \_\_\_  
A sober hangover  
A beautiful lover  
A sober hangover  
Just come and set me free
