""Bridge""

We thank Jah, we're alive - and it ain't no fuss or fight
We thank God, we survived - as today we all unite
I left home, for a place - to put a smile across my face
Come on out, for a good time - get your flags up high and let me see them.....

""Chant""

ting tong, ting tong-tonky-tong
ting tong, ting tong-tonky-tong (WACK!!!)
ting tong, ting ting-tonky-tong
ting tong, ting ting-tonky-tong (WACK!!!)

""Chorus 1""

When everybody jumping up like they're crazy...
Where will you be? (RIGHT THERE!!)
Where will you be? (RIGHT THERE!!)
When drinks are flowing and food-a-plenty going...
Where will you be? (RIGHT THERE!!)
Where will you be? (RIGHT THERE!!)
When all your good friends together only jumping...
Where will you be? (RIGHT THERE!!)
Where will you be? (RIGHT THERE!!)
So put your flags up and join the celebrating...
Where will you be? (RIGHT THERE!!)
Where will you be?

""Chorus 2""

I Wanna Be - in the sun
When the truck reach down Spring Garden now
I Wanna Be - in the rain
On the road jumping again I say

On the Garden coming down down down
THAT'S WHERE.....
