KRS-One, Ya Feel Dat

[Chorus]

Ya feel dat? (HO!) Ya see dat? (HO!)
Ya hear dat? (HO!) You believe dat? (HO!)
Ya follow dat? (HO!) Could it be dat? (HO!)

[Verse One]

Show me an MC that think he's too hot
Bring him to KRS-One, I'll show him he's NOT
Blowin the whole spot up when I spit up
Knowledge Reigns Supreme, when I walk past, get up
My wrists ain't lit up! I don't even live that life
Gold, diamonds, platinum, I give to my wife - you see
Diamonds are a girl's best friend, not mine
You got it, FINE - but what about that rhyme?
Can you rhyme? Can you spit it quick
like watermelon pits at a picnic? Ha!
Or are you just dressed up with nowhere to go?
Or is the record company the pimp and you the ho?
LET'S GO!

[Chorus] w/ variations
