

Kruk, In Reverie

I stood on the sidelines
Just looking at you, as you drowned in tears
Today I'd give my all
To have yet a chance to go back in time

You lifted up your arms once, you raised up your voice
That giant rock of fear was hard to cast aside
You gave it all you'd got

I stood so close to you, I saw it in your face
I stood so close to you, I saw it in your face

When the first, the most important among millions,
Dawn had just begun
Thrown right into its bloodbath
You had a lonely fight, a bitter one

I ran till I was breathless, I ran as for my life
The beauty is that that's the key

To all joys given me by Fate
By blind Fate

In reverie over some silence
I then found a deeper sense

You're riding now the wave of life
You sense within it a new bend, a new trend
And you won't go back

I'm still so close to you, I see it in your face
I'm still so close to you, I see it in your face

Your pupils filled with sunlight see a boundless world
A world without us
And ghosts in far off windows can't tell you a thing
This isn't a dream

The end's far off also, the end we don't want to know
Beginnings are the hardest
May it be as you wish, may it be as you wish

In reverie over some silence
You will find a deeper sense
