

Kurt Vile, Back To Moon Beach

Here come
Here

Beach on the moon
Beach on the moon
There's a beach on the moon
Where these recycled riffs ain't going anywhere, anytime soon

And that's where I live
That's where I live
And that's where I give

Beach on the moon
Beach on the moon
These recycled riffs ain't going anywhere, anytime soon

Yeah
Watch 'em
Yeah
Woo
Watch 'em
Watch 'em, watch 'em
Watch 'em

Swimming in the sky
Swimming in the sky
I'm higher than God
Never coming down at all until the fall

Beach on the moon
There's a beach on the moon
Where these recycled riffs ain't going anywhere, anytime soon
Never coming down at all until the fall

'Cause that's where I live
And that's where I live
That's where I give
That's where I live
And that's where I give
That's where I live
And that's where I give
That's where I live
And that's where I
You
You
That's where I live
That's where I live

Beach on the moon
Swimming in the sky
Never coming down at all until the fall
That's where I give
Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah
Alright, aw, yeah
Alright
Come on over to my my house
That's where I live
And that's where I give
You
You
