Kutless, Better For You

My decision can not be put off again I see the right choice but my heart is filled with dread It all seems backwards in my head, my head I know it seems too wrong to be right This way is so much harder to fight But in the end I know it is true This way is better, it's better for you Choose a little pain and gain a life with joy Accepting pleasure now will earn a life of pain It all seems backwards in my head, my head I know it seems too wrong to be right This way is so much harder to fight But in the end I know it is true This way is better It's better for you, for you Sometimes I wonder why it's this way When it's done the burden is gone This discomfort will be taken away As soon as it's over, it's over for me I know it seems too wrong to be right This way is so much harder to fight But in the end I know it is true This way is better It's better for you, for you
