

Kygo, Feels Like Forever (feat. Sandro Cavazza)

cause I'd walk a million miles to know your name
I know you said your favorite love perform, this insane
and I can't let you go
cause this feels like forever
cause I'd walk a million miles to know your name
I know you said your favorite love perform, this insane
and I can't let you go
cause this feels like forever
feels like forever tonight
feels like forever tonight
feels like forever tonight
