

Kygo, For Life - ft. Zak Abel, Nile Rodgers

I took the long road
Across the ocean
I burned some bridges on the way
Feels like forever
Here in the moment
Just hope forever's here to stay
Don't wanna Say too much
Speak too soon
And scare your heart away
Just wanna feel your light
The fire inside
For the rest of all my days
Lately I just feel like
I can't get you out of my mind
I feel love for the first time
And I know that it's true
Me and you
I could love you for life
You came and found me
When I was hopeless
Right on the edge of giving up
You understood me
And gave me focus
You're all that I could ever want
