

# Kygo, Lonely Together (ft. Dagny)

Yeah I been doing my best to be the best for you  
Ooh, ooh, ooh  
And now there's nothing left of me to improve  
Ooh, ooh, ooh

What you're saying that you're feeling  
I don't feel it anymore  
Cause' when I say I love you I don't mean it like before  
If this is you and me, then I would rather be lonely forever  
Than lonely together

Dancing by myself in my flat at midnight  
I would rather cry in my bed and sleep alone, yeah  
Than be lonely together  
Staring at the walls till I'm losing my mind  
I would rather deal with the heartbreak on my own, yeah  
Than be lonely together  
Lonely together

I'm doing all the things you didn't want me to  
Ooh, ooh, ooh  
I'm going to all the places that you hated to get rid of you  
Ooh, ooh, ooh

So keep on telling me you're sorry  
Keep on trying to win me back  
But the person that you fell for  
Is no longer in my head  
If this is you and me, then I would rather be lonely forever  
Than lonely together

Dancing by myself in my flat at midnight  
I would rather cry in my bed and sleep alone, yeah  
Than be lonely together  
Staring at the walls till I'm losing my mind  
I would rather deal with the heartbreak on my own, yeah  
Than be lonely together  
Lonely together  
Lonely together  
Lonely together  
Lonely together
