

# Kyla, Let You Go

(feat. Razor Ray)

Boy I know just how you feel  
You wish it would be real  
But you try to fool around  
So what's the deal now

Boy I gave you what you need  
But you got no time to give  
I got to tell you this  
Boy you can leave me now

[Pre chorus: x2]  
I never wanna talk to you  
Conversation kills my day  
There's nothing that you can do  
To change my mind (now/so)

[chorus: x2]  
hold me close  
and I will remind you  
all the pain & love that we've gone through  
but all this time  
all I did was to hate you  
I will let you go  
I will let you go

Boy try to open up your mind  
All I did was treat you right  
You're not there to hold me tight  
How do you feel now?

Boy it's my time to walk away  
And I'll find another day  
To cure this pain inside  
I need to leave you now

[pre chorus]  
[chorus]
