

Kylie Minogue, Aston Martin

Twenty-four hour sunset
I got a tank of gas and
All the things I can do
When driving with you in my Aston
It's a perfect chance
For some romance
With a little luck now baby
We might get to start

In my Aston Martin
we might get started
In my Aston Martin
Let's go
In my Aston Martin
You can call me darling
In my Aston Martin
Let's go

I love the records playing
On a late night radio
Just anticipating
How much faster we can go

It's a perfect chance
for some romance

Got my fingers crossed now baby
That we get lost

Way down by the sea
Is where I wanna be
Way down by the sea
Is where I wanna be

Way down by the sea
(In my Aston Martin)
Is where I wanna be
(We might get started)
Way down by the sea
(In my Aston Martin)
Is where I wanna be

Way down by the sea
(In my Aston Martin)
Is where I wanna be
(We might get started)
Way down by the sea
(In my Aston Martin)
Is where I wanna be
(Let's go)
