

# Kylie Minogue, Closer

Nothing, nothing  
Nothing I like better  
Together, now together  
Nothing I like better

Closer

Sometimes  
This feels so right  
I'm losin' my mind  
I wish that we could stop  
And stop time  
Then we could be together  
All night  
There's nothing I like better

Getting closer (Closer)  
Closer (Closer)

Closer, closer, closer, closer  
Closer, closer

Nothing, nothing  
Nothing I like better  
Together, now together  
Nothing I like better

Closer

Somehow  
I stop myself from cryin'  
Out loud  
When I'm with you  
'Cause I'm so proud  
To be your only lover  
And now  
There's nothing I like better

Getting closer (Closer)  
Closer (Closer)  
Closer (Closer)  
Closer (Closer)
