

# Kylie Minogue, Did It Again

Clever girl  
Think you are but you think too much  
Shut down turn around  
Don't look that way any more

Clever girl  
Think you know but you don't know much  
Try to make a move  
Go to a different door

You know it's all in your head  
You better put that business to bed  
By your fair hands of design you met with  
The monster in your mind

You did it again  
You did it again  
Won't you listen to me when I'm telling you it's no good for you

Clever girl  
Think you're right  
but what's right from wrong?  
Little Miss Genius  
You make it hard on yourself

Clever girl  
You've got it all but you're all messed up  
Time now turn around  
Move onto something else

You know it's all in your head  
You'd better put that business to bed  
What you see nobody sees  
It only brings you to your knees

Clever girl  
Think you're right  
but what's right from wrong?  
Little Miss Genius  
You make it hard on yourself
