

# Kylie Minogue, Excuse My French

Ooh ooh ooh....

So slow (So slow),  
and I can barely feel you move me  
You'll never let me just let go (just let go)  
When all I wanna do is oohh... excuse my french

It's giving and taking  
This feeling's so frustrating  
And I'm longing to touch you  
But you just keep me waiting  
Baby look into my eyes  
It's time you realise

All I've been missing  
Is another french kissing  
Encore, Encore  
I can hear you breathing  
Baby seeing is believing  
Give me more, Give more  
Ooh ooh ooh....

I'll show (I'll show) (shooooow),  
that I'm a woman who's not faking  
I'll never let you lose control (never let you lose control)  
'cos all I wanna do is oohh... excuse my french

It's giving and taking  
This feeling's so frustrating  
And I'm longing to touch you  
But you just keep me waiting  
Baby look into my eyes  
It's time you realise

All I've been missing  
Is another french kissing  
Encore, Encore  
I can hear you breathing  
Baby seeing is believing  
Give me more, Give more  
Ooh ooh ooh....

All I've been missing  
Is another french kissing  
Encore, Encore  
I can hear you breathing  
Baby seeing is believing  
Give me more, Give more  
Ooh ooh ooh....

Dare you deny me  
Just satisfy me  
Give it all away  
Show me that you want me

Dare you deny me  
Just satisfy me  
Give it all away  
Show me that you want me

[kissing, breathing]

All I've been missing  
Is another french kissing  
kissing, kissing, kissing

All I've been missing  
Is another french kissing  
kissing, kissing, kissing

All I've been missing  
Is another french kissing  
Encore, Encore  
I can hear you breathing  
Baby seeing is believing  
Give me more, Give more  
Ooh ooh ooh....

All I've been missing  
Is another french kissing  
Encore, Encore  
I can hear you breathing  
Baby seeing is believing  
Give me more, Give more  
Ooh ooh ooh....
